

Labstat International ULC is an independent, privately owned, analytical laboratory with 35 years of leading experience in tobacco testing, research and development, and analysis for regulatory reporting and labeling for worldwide interests.

Labstat values Equal Opportunity and embraces diversity. Begin a dynamic and rewarding career by becoming a member of Labstat's team of professionals!

Accredited by the Standards Council of Canada,
Labstat is accredited to **ISO 17025:2005** and pursuing full GLP recognition!

As a result of our continuing growth, Labstat has the following employment opportunities available:

Laboratory Technician- Sample Preparation **Posting # 2012-02CO**

Technicians are required to prepare solutions and ice baths, use impingers, and other glassware. The successful candidate will be familiar with a variety of laboratory equipment and techniques. You will be responsible to ensure that all applicable equipment is verified/calibrated prior to use; prepare samples in compliance with the published SOP's and test methods. Technicians must possess a minimum degree or diploma in chemistry or related field, and have intermediate knowledge of Microsoft Office (Word and Excel). Must be able to rotate shifts (days and afternoons).

You are the ideal candidate for the above position if you have a demonstrated commitment and enthusiasm for working in a team-based environment. You have excellent communication skills, high energy, and a willingness to learn and achieve results.

Qualified applicants should quote the appropriate posting #. We thank all applicants. However, only those selected for an interview will be contacted. No phone calls please.
